Red Rock Beach, Missoula

I took the Boys down to Red Rock Beach, and spent the afternoon with some of the Folks from MNO. It was great to see some familiar faces, and a few new ones as well.

This was the Boys first time at a nude beach, and they were a bit nervous about our adventure. I thought they would stay dressed the entire time, and just soak up the atmosphere. Nope. It took all of about 15 minutes and they were nude with the rest of the gang. To be honest, I was quite proud of them, as they handled this new experience quite well.

I was able to get some new names for our mailing list, and I just wanted to take a minute to thank them. I am hoping to see all of your faces at the resort when it opens.

Red Rock is a bit remote, but is a beautiful beach. The sun was out, and one couldn't ask for a better afternoon.

You should check it out if you have not been there. Its worth the drive.

Member Advisory Board

We have had two volunteers for our Advisory Board at Vista's of Montana. The first to lend support is Bill Bisbee of MNO. He is currently an MNO Trustee and the ITB Editor. I look forward to our continued relationship with Bill, and getting his valuable input and contagious enthusiasm here at Vista's of Montana.

Second to volunteer his services for our Board is Jeff Goodrich of Great Falls. Jeff is currently the Vice-President of The Montana Naturist Society. Jeff will be invaluable for his sound advice and clear thinking. We look forward to getting to know Jeff better and working with him here at Vista's of Montana.

Thank you to both of these gentlemen for believing in our plans for a resort here in Montana. Dave and I hope to have a great working relationship with you both for many years to come.

Give us a call if you too would like to join the Member Advisory Board here at Vista's of Montana. Call us at 406-202-5205. Thank you for your support!

Last- But not Least- Vista's

We have our hearts set on a property and now it is just going to take some time getting the deal settled and finalized.

As I mentioned in the last newsletter, that we were looking at a property with a hot spring on the property. We are actively going after this property, as we would be the only Clothing Optional Resort in the US with an active Hot Spring on the property.

This is a very exciting and nervous time for Dave and I. There are many areas to cover before the sale is finalized and we can call the place "ours."

We were contacted by the owners about this property (as its not on the market). They wanted to sell it to us, because they had heard we were looking for a new property- and wanted the property to be able to remain open to the public.

Its our hope that all goes well. Keep good thoughts coming our way, and we will keep you updated with any new info.
