In Search of Property

We are now in negotiations for a property with a REAL Hot Spring on the premises. This would be a wonderful boon for our resort plans. We are hoping that the current owners will accept our offer on the property. We are optimistic.

I have toured the place and really enjoyed it, and the healing waters have the lowest sulfur content in the US. I will have to verify this fact with a water test, but I am going on the word of the owner.

Its amazing where the Hot Spring comes up from the ground. It almost looks like some of the pools one might see in Yellowstone.

We are really excited about this property and hope for the best. But nothing is final until everyone signs on the dotted line.

We have gotten inquiries almost daily, so I hope to have some wonderful news by our next newsletter.

Your friends in Wolf Creek,
Sava and Family

Member Advisory Board

We here at Vista's of Montana are looking for members who have great ideas and plans for the resort. We want the Member Advisory Board to be the voice of the members at large.

We feel its important to keep on top of our members changing needs and desires for the direction of the resort. A Member Advisory Board will be beneficial in helping us to move in the right direction.

Sometimes people are afraid to voice their wants or concerns to an owner, but are unafraid of sharing these thoughts with another member. If you're a member who wants to be on this Member Advisory Board, then please let us know. We are looking for five people who are serious about sharing their ideas and thoughts about keeping Vistas moving in the right direction.

We will have sit down board meetings here at Vista's of Montana four times a year. Board Members will be kept up to date of our progress and

the direction of the resort. It is our hope that the Member Advisory Board will be helpful in planning events here at the resort.

Sometimes a person can get busy in the running of a place, and sometimes needs that outside input of getting back on the right course. We want to stay on the right track before that happens.

If your interested in being on the Membership Advisory Board, then please give us a call at 406-202-5205.

We look forward to working with the Member Advisory Board. Its an exciting time with Vista's of Montana, and we want you to be a part it.

Dave and I use the "Open Door Policy." We believe and want everyone to feel comfortable to be able to speak to us about anything at any time.

Your friends in Wolf Creek,
Sava & Dave and The Boys

Fire Season is Here

Its summer time in Montana. One thing you can count on in Montana is the heat and forest fires.

We just want to take a minute to remind everyone about RED FLAG WARNINGS. During a RED FLAG WARNING all precautions must be taken in preventing wild fires.

Living in Montana, we have all gotten used to our Fire Season. Though fire is needed to help our forests remain in a good growth cycle. Its never fun when that fire is next to your house. A couple years ago, we almost lost our property to a forest fire, and it was a nerve wracking time to say the least. Thank God, the fire moved in another direction, but it was touch and go for about a week.

With proper care and precautions we will have a wonderful fire-free summer to enjoy the beautiful Rocky Mountains and tourist areas--- and most of all to enjoy Vista's of Montana. ☺
